

Kentucky **SEPSIS** Consortium

Virtual Meeting

February 22, 2024

The Kentucky Hospital Association Sepsis Consortium is working with hospitals statewide to reduce the morbidity and mortality caused by sepsis.

HB 477

- Deb has been asked to testify on the sepsis bill so is in Frankfort this afternoon and unable to be on the call.
- **HB 477 would require Managed Care Organizations (MCOs) to follow the same guidelines for Medicaid the federal government has already established for Medicare.** The Cabinet currently requires the MCOs to cover treatment for Sepsis-2 but the MCOs want to stop that coverage and not pay for treatment of sepsis patients until the patient falls into Sepsis-3, where the patient has organ failure. **Please support HB 477 and protect patients with sepsis.**
- You may be asked to contact your legislators. They need to hear from us. We are the experts!

Consortium Steering Committee Regional – Bluegrass District

Amanda Miller, BSN,
RN, CPHQ
Program Manager,
Quality and Patient
Safety
St. Joseph London
CHI St Joseph Health
System

Tracy Louis MSN,
RN-TN,
CIC, CPPS
AVP Infection
Prevention
Lifepoint Health

Louis Claybon,
MD
Physician Advisor
St. Elizabeth

Sepsis Clinical
Program Specialist
Owensboro Health

LTAC/Post Acute/Rehab Facilities

Nicki Shorr-Maxson, RN, BSN, CIC, CPHQ
Manager of Quality and Safety
Continuing Care Hospital
CHI St Joseph Health

Consortium Steering Committee Patient/Family Advocate

Darrell Raikes

New Process from the Education Department

- Hello Sepsis Consortium,
-
- As KHA continues to evaluate and streamline the webinar process for our members, we have decided to update the webinar process. **No changes will be made for the February sepsis webinar;** however, the process will change in March.
-
- Starting in March, all quality related webinar series will move to a registration process for each webinar. Once you register for the webinar, you will be able to download to your calendar. **This will replace the calendar hold, meaning the 2024 calendar hold series that when out last fall will be discontinued.** The reason for this is so that KHA has more control over the webinars scheduling so that in the event a webinar is canceled everyone is properly notified and the hold isn't causing confusion. KHA will send out the content to you well in advance so that the calendar hold is no longer needed. In summary, you will need to register for each month's sepsis webinar.
-
- If you have any questions, please reach out to Tammy Wells, twells@kyha.com, or Claire Arant, carant@kyha.com.

HRIP 2024 approved!

2024 HRIP metrics

- Screen 95% of eligible patients in the emergency department (ED) in Quarter 4 of CY 2024 AND in Quarter 4 of CY 2024 KY bundle adherence benchmark of 59.31% OR if below the KY benchmark improve **25% of the Gap** to KY benchmark – 1.0%
- Screen 95% eligible patients in the emergency department (ED) in Quarter 4 of CY 2024 AND in Quarter 4 of CY 2024 KY Bundle adherence benchmark of 59.31% OR if below the KY benchmark improve **50% of the Gap** to KY benchmark – 1.0%

Sepsis Screening at Triage

Higher is Better

SEPSIS-2c SEPSIS Screening Performed at Triage

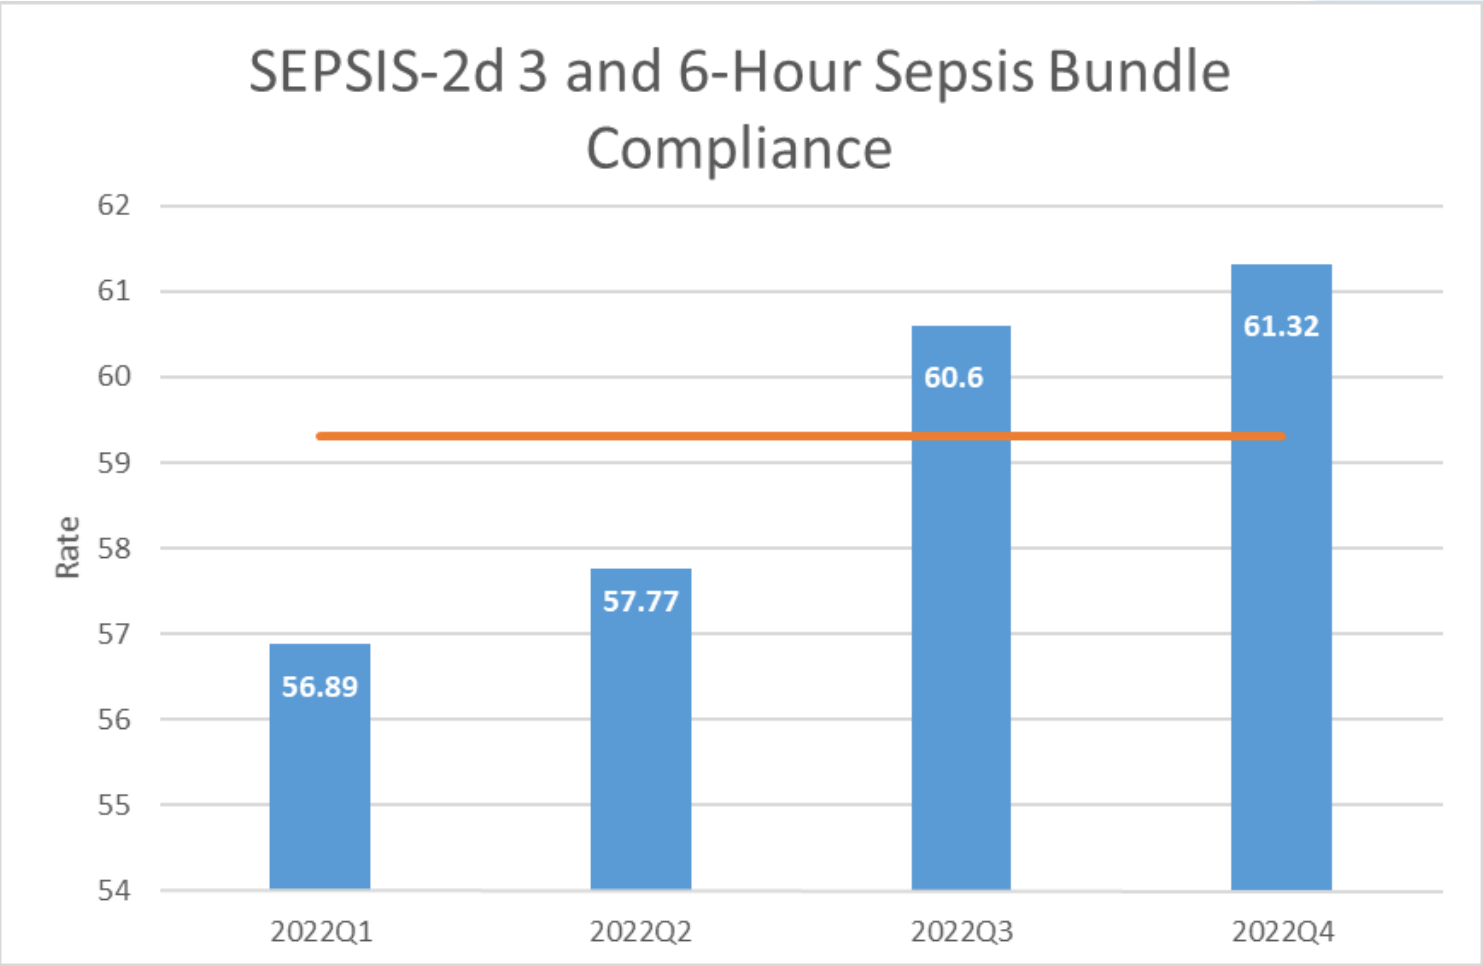

Kentucky Benchmark – 91.40

Sepsis Bundle Compliance

Higher is Better

Kentucky Benchmark – 59.31

Today's presentation

Speakers: Kirsten Trudeau, MSN, APRN, FNP-C
Lead for Simulation Training
KyIP Training Center

Topic: Training Resources for Reducing Blood Culture Contamination

Next Steps

- Regular schedule
4th Thursday of each month 1-2ET**
- **Next webinar:**
 - **March 28, 2024 1:30-2:30pm ET (Note time adjustment)**
 - **Topic: Sepsis and Palliative Care**
 - **Speaker: Dr. Karan Shah**

For questions, contact **Deb Campbell** at dcampbell@kyha.com
Vice President of Clinical Strategy and Transformation
