

# MYKY.info

A program of Family

Presented by: Bruce Manor and Nicole Thompson

What is MYKY? MyKY.info is a web based app.

It connects individuals and groups to free resources in their area and state wide.

It is designed to help those in crisis in a simple, functional, and confidential way.

# History of MYKY

MyKY.info originally started in  
Pittsburgh, Pennsylvania.

Cathe Dykstra, our CEO, brought it to  
Louisville, KY as LouieConnect in 2018.

In 2022, Cathe wanted this to be a  
statewide program and it became  
myky.info.

It launched state wide in July of 2022,  
and continues to grow each month.

# Basic functions of MYKY

MyKY.info can be accessed through any smart device (phone, laptop, computer).

MyKY.info can also be accessed through kiosks which we have placed in various locations throughout the state of Kentucky.

The home page, or first dial, asks basic demographic questions, the second page, or second dial, brings you to general categories of services, the third and final page, or dial, brings you to subcategories of more specific resources.

MyKY.info is translated into English, Spanish and French.

# Day to Day of MYKY

MyKY.info 2800+ free resources in myky.info.  
There are 100-150 new resources added monthly.

Resources are updated monthly.

Data is analyzed monthly.

4 VISTA members throughout the state of Kentucky who gather the free resources in specific areas and network with organizations in their area.

Average of 4,000-5,000 users each month!

# Goals for MYKY

Continue to add kiosk throughout the state.

To have 12,000 resources in myky.info.

Marketing myky.info to increase utilization of the app.

Educate professionals throughout the state on myky.info.

We want myky.info to be the go to for finding free resources in your area.
